Sub : Inter Railway Transfers- Transfer at own request

The employees working in various categories request for transfers to other Railway due to personal reasons. These requests are noted and as and when the vacancies are available on the Railways to which they had requested, the employees are normally released according to the date of registration. However, it has been represented by the Unions that due to the fact that, there is shortage of staff in one Division, the staff who can be spared by other divisions may not be hold up on the ground that their date of registration is later than the employees who had registered for a particular Railway, but who could not be relieved due to shortage of staff on that particular division on which he is working.

This has been examined and it has been decided that the posts controlled at the divisional level, the inter railway transfer of staff may be approved by the HOD in the order of their name noting at the division and depending upon the convenience of the division to spare such staff. Any cases requiring out. of turn relief should be put up for GM's approval duly indicating reasons for the same.

This has the approval of General Manager.
